Fellow of Dietitians Australia (FDA) Policy

Our Fellows of Dietitians Australia (FDA) honour recognises dietitians with advanced skills, who have delivered impact that has strengthened and progressed the profession.

To achieve the FDA honour, Advanced Accredited Practising Dietitians (AdvAPDs) need to complete a nomination. Once the FDA honour has been awarded, there is no need to re-apply.

The FDA honour is open for nominations via our Awards Portal.

In this policy:

- rationale and purpose
- form of the honour
- eligibility criteria
- achieving the FDA honour
- nomination process
- nomination components
- method of selection
- notification
