

Customer service charter

We understand the importance of having respectful and positive relationships with our customers.

Our customer service charter details our mission: to champion the professional nutrition and dietetic workforce to empower people and communities. It describes our values of integrity, courage, transparency and equity.

Our customers include:

- members
- potential members
- stakeholders
- the general public
- our colleagues

Our promise to our customers is to provide excellent service that is always timely, transparent and respectful.

And in return, we ask our customers to be polite, professional, and respectful.
