Federal Budget 2023–24

Submission to the Australian Government Department of Treasury for the 2023–24 financial year Federal Budget.

Dietitians Australia made 8 recommendations for expenditure in the 2023–24 Federal Budget related to Aged Care, preventive health and Medicare. The funding we called for would improve access to dietitians, guarantee the implementation of the National Preventive Health Strategy and the National Obesity Strategy and ensure food and nutrition monitoring is undertaken.
