

Our asks in the Northern Territory election 2024

Dietitians Australia is calling on the Northern Territory Government to commit to policies and actions that will break down the nutrition barriers Territorians face when it comes to eating well and reducing their risk of chronic disease.

Dietitians Australia and the Dietitians Australia Northern Territory (NT) Branch are urging all parties to commit to their **three-point nutrition action plan ahead of the coming election**, to address nutrition and dietetic support gaps, nurture more nutritious food choices through the Remote Stores program and establish coordinated nutrition programs within NT Schools.
