

# New Open Access agreement for authors at Australian and New Zealand institutions

## Publish Open Access with Wiley

From 1 January 2022, corresponding authors affiliated with institutions in Australia and New Zealand that are participating in Wiley's Council of Australian University Librarians (CAUL) agreement may publish in Wiley's subscription journals that offer open access, with no transactional Article Publication Charges (APC). Follow [this guide](#) to check article eligibility and steps to make your article open access.

Even more benefits of publishing in *Nutrition & Dietetics*:

- **Median timeframe** from submission to acceptance of **81 days**
- **Scimex** (Science Media Exchange) affiliation supporting published content promotion in the scientific media
- **Option to publish Open Access** - with no Article Publication Charge for corresponding authors affiliated with participating CAUL institutions
- **Freely share** your published work when published Open Access, tag @dietitiansaus
